### Customs Notice No. (9) of 2025

#### Customs Procedures for Means of Transport and Transit Goods at the Land Border-crossing Customs Centers

Dear our Valued Customer,

Pursuant to the stipulations and provisions of the Common Customs Law of the GCC States, and for the purposes of preventing and combatting smuggling, avoidance and fraud, it has been decided to adopt the following customs measures and controls for inspection and examination of the goods that are imported/exported/re-exported through Al Darah Customs:

1- Imported/exported/re-exported goods must be weighed and health and safety standards must be strictly adhered to, with the exception of the Transit vehicles, provided that a customs declaration issued from the country of export is attached.

2- Goods loaded on trucks must be arranged and distributed in a manner that makes inspection, examination and offloading of the goods, *if required*, easier for the customs operations staff.

3- Submission of detailed and stamped purchase invoices of the goods in one invoice must be strictly complied with.

Clearance of shipments that violate the customs controls stated above shall be forbidden as of 03/09/2025.

The formerly issued Customs Notice No. (8) of 2024 shall, thereby, be repealed.

For information and necessary action as required.

Dr. Rashed Rashed Al Mehrezi
